

A NEW JOURNEY
We're going GREEN

THE SCOPE OF WORK SYNOPSIS AS CARRIED OUT BY DYNAMIC INSTRUMENTS IS AS DESCRIBED BELOW AND IS NOT LIMITED TO THE ITEMS MENTIONED:

Complete mechanical installation of all steel support systems and structures.

Installation of all photo voltaic (PV) panels.

Provision and installation of all cable systems which comprise the following types and voltages involved:

- 11 kV cabling
- LV cabling
- Fibre optic cabling
- Control and instrument cabling

Supply and installation of all earthing systems including design.

Installation of inverters, transformers and all necessary switchgear.

Installation of

all field connector boxes.

Installation of radio

communication system.

Testing of all cable and

apparatus on completion.

It is worthy to note that all work executed was subject to the stringent Eskom Safety, Environmental and Technical policies that are rightly expected regardless of project and time frames.
